

May 2020 Newsletter WE Are LBDN Preschool

Dear WE Are LBDN Preschool Families,

We are now in our second month of Long Beach Day Nursery being closed due to the stay at home order, but we are still working hard to provide you with resources, activities and support to keep your little ones busy and learning!

This month's theme will start off with "All About Me" to allow our teachers to learn more about their students and will continue with "Spring": insects, plants and weather. Each week we will send an email containing the weekly activities that the children can do on their own, as well as family inclusive activities. These activities are optional but highly encouraged! As your child is completing the activity or once it is completed, please take a picture and share with his or her teacher! We are all missing our kids and would love to see them engaging in activities we wish we could be doing with them!

Each week your child will be invited to two (2) zoom calls with his or her class! Days and times will be provided to you through an email along with the activities! Just like the activities, the zoom calls are optional but highly encouraged as we will sing songs, read stories, complete activities and spend some time together as a class!

At any time you can check the Long Beach Day Nursery website (lbdn.org) for updates on COVID-19, as well as family and distance learning resources. You can also contact your child's teacher for any questions, comments or concerns you may have! We will do our best to support you in any ways that we can!

Thank you!
WE Are LBDN Preschool
